

The new Cardinal on line training program is up and ready for immediate enrollment. Please have a supervisor contact Cindy at the academy to register for courses listed at the bottom of the page. Some courses are still not complete but should be in the near future. Once a student is enrolled in a course that student may enter the on line course by navigating to the academy webpage www.cardinalacademy.org In the upper center click on the Cardinal on-line icon. That will take the user to a “getting started” page with three buttons entitled software, instructions and click to enter. Please read the software requirements and instructions before proceeding. Once the software and instructions are read the student may click on the click to enter button located on the lower right section of the page. That will direct the student to a login page. The student should type in the first letter of their last name(Capital Letter) and the last four digits of their social security number in both the username and password blocks. Please read the “notice to users” before logging in. Once logged into the system the student should click on the course they are enrolled and begin the course. You may refer back to the instructions page if you have questions navigating the course or you may contact academy staff for assistance.
